Rideout, Kevin & Krista - Kira, Brynn, Elayna, Silas (SIM, Niger): PRAISE/PRAYER:

Celebrating Christmas in Niger always brings to life the amazing details of Jesus' birth. Life for many people here is still very similar to the time when Jesus was born, so they can easily relate to the story of his birth. We all enjoyed having Grandpa Rideout here for Christmas and much of December. We're sad to see him go, but we're looking forward to a team of 11 people arriving tomorrow from two churches in MA. They will be helping with the youth and kids programs at our annual SIM Niger Spiritual Life Conference for our missionaries. We'll be hosting and facilitating the team January 1-9.

We returned yesterday from spending a few days camping as a family along the Niger River outside the city. Several other SIMAIR families joined us. It was nice to get away from the city for few days.

A team of physical therapists from the US arrived this week to help at Clinic Olivia in Niamey. This Christian clinic is run by one of the local churches with several missionary doctors serving at the clinic. Krista has arranged to take the team of PTs to the New Life Center later this week to evaluate the kids with special needs. A local nurse will be joining them at the center to learn what therapies to do with the kids so she can continue to help the kids right there at the center.

The shipping container with the new-to-us plane arrived in Niamey December 22. It is sitting at customs now awaiting the completion of the government formalities. As usual, it has been a slow process with many road blocks. We'll be charged storage fees for every day the container sits at customs, so pray that it gets released soon. Our friend, Maynard, (who comes each year to do the annual inspections on our planes) is coming January 18-23 to help us reassemble the plane. Pray that the plane gets released from customs well before Maynard arrives.

1. Pray for a team of physical therapists from the US who will be evaluating the kids at the New Life Center this month and teaching the volunteers ways they can help each child.
2. The container with the Cessna 210 plane arrived in Niger before Christmas. Pray for it to be released from customs soon. Our friend, Maynard Stensrud, is coming January 18-23 to help reassemble the plane.

Blessings,
Kevin Rideout
